The inventory of working waterfront access points was developed as part of the Machiasport Maritime Plan. Access points depicted on this map include both those currently used by commercial harvesters in public and private ownership. Use of access across private property is by prior arrangement with the landowner; trespassing on private property for any purpose without express prior consent of the landowner is considered trespassing in the State of Maine and may be a prosecutable offense.

Shellfish Habitat:
- Soft Shell Clams
- Blue Mussels
- Ocean Quahog
- Sea Scallops

DMR Flats Classification:
- Prohibited
- Restricted
- Conditionally Restricted
- Conditionally Approved

Working Waterfront Access:
- Pier
- Boat-launch
- Drive-down
- Walk-down
